1.
Chief, Executive Staff

The Law Enforcement Assistance Administration, from the tone of its memorandum, has already determined that their desired distribution of "Where's What" can be made only if the document is declassified. This determination would appear to have been based on Section 7 of Executive Order 10501 as well as those provisions which pertain to the storage of classified information.

I believe we must now address ourselves to the question of declassification on the basis of a revision of the book.* The Law Enforcement Assistance Administration has indicated a willingness to pay for such a revision.

I do not believe that we can recommend to another agency the contravention of Executive Order 10501.

* This, of course, presumes that parts of the book are, in fact classified.
